DATE: JANUARY, 2004

This FY2002-03 annual report on the five Mental Retardation Centers is based on data extracted from the mental retardation center's data system (HEARTS). The data extract is stored in the Division of Mental Health, Developmental Disabilities and Substance Abuse Service's Client Data Warehouse (CDW). Data on mental retardation center resident population, admissions, discharges and persons served are presented. Incorporated in the report are 7 tables and 1 graph. The number of persons served and the rate of persons served per 100,000 population is shown for each county in the state.

MAJOR SERVICE INDICATORS

Major service indicators for FY2002-03 reported by the five centers show a mixed trend in most indicators. The resident population has shown a continuing decline since fiscal 1994. The total number of admissions has increased by 20 when comparing FY1994 to FY2003.

PERSONS SERVED

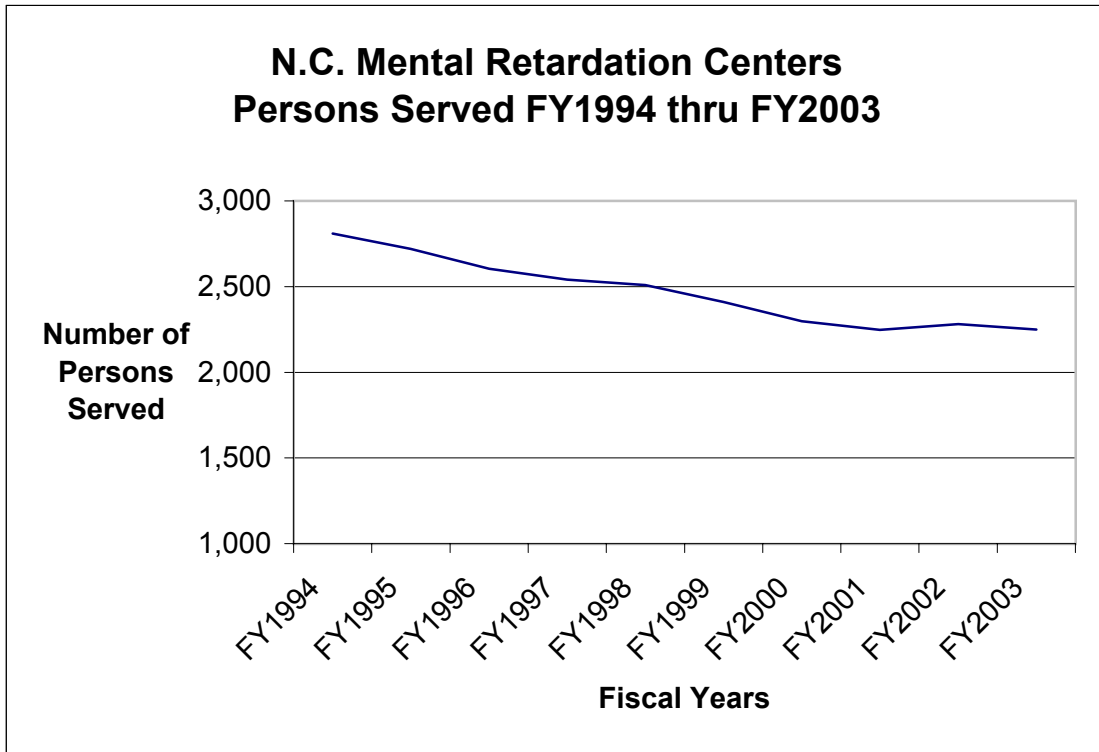

The number of persons served is the sum of the resident population and on leaves at the beginning of the fiscal year plus the number of admissions during the fiscal year. Table 2 shows the number of persons served by the five mental retardation centers from each county in the state. Also shown for each county is the rate of persons served per 100,000 county population. Table 2-A shows the number of persons served by the five mental retardation centers by selected indicators.

GRAPH 1

The data presented in the graph above represents the total number of persons served at the five Mental Retardation Centers for fiscal years 1994 to 2003. There has been a gradual decrease in the number of persons served from 1994 through 2003. However, there was a slight increase in persons served 2002 compared to 2001.

NOTE: Excludes outpatients and visiting patients.
